- (3) Fixing Screws

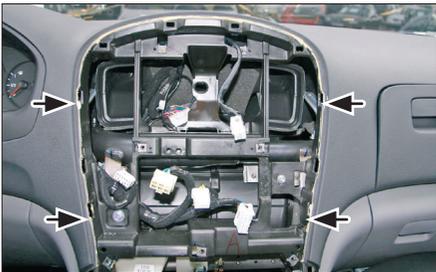

Installation Manual Double DIN Kit

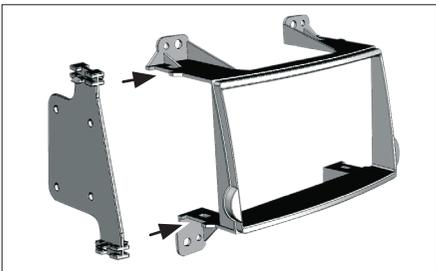

1. Attention: If your Hyundai H-1 dashboard looks like this, you have to order this OEM Hyundai part: 847414H0106Y (facia panel) to install our kit.

2. Unclip the gear lever box

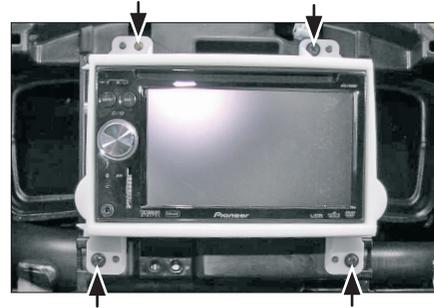

3. Unclip the front panel and remove it

4. Attach the mounting brackets to the facia plate (see arrows)

Push the 2-DIN Navigation into the facia plate and fix it with screws at both sides

5. Place the 2-DIN Navigation with the facia plate at the dashboard

Connect all required circuit points

Fix the facia plate to the dashboard with four screws

6. Place the OEM front panel

Reinstall everything in reverse order to finish installation.

*All installation work must be performed by a qualified professional installer only.
The manufacturer / dealer is not liable for any kind of incidental or indirect damages.*
